The Joint Venture was formed as a Delaware non-stock member corporation. The general area of HPDC's planned activities are to develop, maintain and evolve the Healthy Product Declaration format (the "HPD Standard") as an open standard that meets the needs of building product consumers for reporting of product content and associated health information relating to individual building products and materials. In pursuit of this purpose,

the Joint Venture may engage in all or some of the following activities: (a) develop, maintain and support the HPD Standard and related standards (the "Specifications"); (b) promote such Specifications and solutions worldwide; (c) provide for testing and conformity assessment of implementations in order to ensure and/or facilitate compliance with Specifications; (d) operate a branding program based upon distinctive trademarks to create high customer awareness of, demand for, and confidence in products designed in compliance with Specifications; and (e) undertake such other activities as may from time to time be appropriate to further the purposes and achieve the goals set forth above.

Membership in the Joint Venture remains open and the Joint Venture intends to file additional written notifications disclosing all changes in membership.
